

SECRETARY OF THE DEPARTMENT OF THE INTERIOR HERE TODAY

Walter L. Fisher, Who Succeeded Richard A. Ballinger, Passes Through Albuquerque After Visit to Alaska.

WILL MEET PRESIDENT IN HUTCHINSON, KAN.

Walter L. Fisher, secretary of the department of the interior, who succeeded Richard A. Ballinger, who resigned following a bitter fight finally agreed last week to go to Alaska, was in Hutchinson for a few moments this afternoon en route to Hutchinson, Kansas, where he will meet President Taft. Mr. Fisher is en route to San Francisco to take up his new duties tomorrow, leaving here about 4 p.m. He is traveling in the private car used by George T. Nield, and is accompanied by Fred Harbin, head of the Harry car line and several others. At the Altimontre station Mr. Fisher was greeted by a large number of friends and well-wishers, including a dozen or more men engaged in various capacities in the department of the interior. Mr. Fisher expressed regret that he had stopped in Altimontre, but said that he was one day late as it was, having remained at the grand canyon one day longer than his schedule called for.

Upon his arrival here Mr. Fisher was met by a number of members of the Indian service, including M. L. Dent, Chicago; Reuben F. Petty, superintendent of the Altimontre Indian school; A. G. Pollock, special agent in Santa Fe, and several other officials and by Dr. E. M. Simonson, head of the University of New Mexico.

In addition to the Fisher party, the secretaries were Fred Harbin, who has been in charge of the Indian service, including M. L. Dent, Chicago; Reuben F. Petty, superintendent of the Altimontre Indian school; A. G. Pollock, special agent in Santa Fe, and several other officials and by Dr. E. M. Simonson, head of the University of New Mexico.

Mr. Fisher, who has been in the Indian service, including M. L. Dent, Chicago; Reuben F. Petty, superintendent of the Altimontre Indian school; A. G. Pollock, special agent in Santa Fe, and several other officials and by Dr. E. M. Simonson, head of the University of New Mexico.

The party was shown through the Harvey Mexican and Indian buildings to Herman Schwander, of the Harvey concession, and through the Arcadia hotel to Manager J. E. Smithers.

When interviewed briefly Mr. Fisher said that he had a great trip to Alaska, in some cases the natural resources of the country exceeded his expectations. In other cases he was disappointed. However, he said the Alaska territory is a great country and will be a great bank upon which the rest of the country is in some or later look for supplies of many kinds. The secretary of the interior left with a slight tinge, the taste of a sudden illness, into an office in Alaska after he had taken a 7-mile walk.

Mr. Fisher expressed himself as delighted with his trip to the Grand Canyon of the Colorado, which he thought was a natural resource for the railroad company as well as the state.

Chief statistician Branched of the Indian service, who was in Altimontre at the invitation congress in 1910, and who is now on board with conditions in New Mexico, said that he looked for much growth in this state within the next few years, because of the granting of statehood and because of the irrigation projects now under way to the government.

Although the Fisher party made a slow of only a half hour in Altimontre, every moment of the time was spent in sightseeing about the Santa Fe group of buildings. The secretary was much pleased with the collection on view at the Harvey museum.

From Altimontre the secretary was accompanied east to M. L. Dent, of the department of the interior, with headquarters in Chicago, who came here yesterday to meet his chief.

COAL BURNERS TO BE CONVERTED INTO OIL BURNERS

Eight of 1400 Class to Be Remodelled Here and Sent West. Albuquerque Division to Have New Engines.

In this is the second annual program to the industry under the management of the most experienced engineer that eight of the 1400 class coal oil burners, which have been running on the Altimontre division, are to be converted into oil burners in the shop here and sent to California to be used on the new Los Angeles City Hall, now under construction. New engines from the Baldwin locomotive works will be set up to run the older ones of those engines. A new engine has been added to those already existing, brought out of storage.

Railroad Notes

Mr. G. Nielson, who has been in charge of the road since the last election in the local shop, will receive the title soon for 3 years, this next year.

A. V. Miller, connected with the store department of the Santa Fe in this city, will be visiting their son in Houston, Texas.

Frank McNamee, young man employed here at Toledo, and wife are visiting friends in this city for a few days, having stopped over on their way to Los Angeles.

Mrs. J. H. Miller, wife of the general manager, superintendent of the local Santa Fe store department, has returned home after a month's visit in California.

Upon his arrival here Mr. Fisher was met by a number of members of the Indian service, including M. L. Dent, Chicago; Reuben F. Petty, superintendent of the Altimontre Indian school; A. G. ROSENWALD STORE RUMP CONVENTION A REAL BOWER OF BEAUTY

Exposition of Fall Styles is
Marked By Unusually Elaborate Decorative Effects—
Women Delighted With the
Display.

The fall season—the gala time in the world of fashions—was ushered in at the Rosenwald store this afternoon with a formal sale exposition which, in point of beauty and elaborateness, was declared by many to mark a new epoch in the mercantile history of Albuquerque. Some 3,000 feet of visitors freely expressed the opinion that Albuquerque is reason for the Rosenwald opening record figures today into the beauty class, the show which can boast of permanent status as the largest and most attractive ever.

The days of the big sale were ushered in prominently at 12:30 this afternoon to an accompaniment of festive music by Prof. J. Matheus and his band. In less time than it takes to roll a cigarette, the room was packed to overflowing with women, all dressed in the latest fashions, and the girls in the windows were equally popular. M'FARLAND GOES TO SAN FRANCISCO TO ANSWER CHARGE

Insurance Man Accused of Embezzling \$10,000. Passes Through Albuquerque on Limited Yesterday.

Andrew MacFarland, formerly an insurance man of San Francisco, and who gained much free publicity recently when he was arrested in Colorado Springs on a charge of embezzling \$10,000 from Ethel C. Groom, his fourth wife, was in Albuquerque yesterday on his way to San Francisco. MacFarland arrived on the Santa Fe limited at 11 o'clock. He was accompanied by a detective and was not permitted to leave the Pullman car while here. MacFarland, according to the story, married Miss Groom, gained her confidence, drew access to a safety deposit vault at the bank in which she had deposited some ten thousand dollars. MacFarland and another woman escaped to Colorado, it is said, taking the \$10,000 with them. Miss Groom sought for extradition papers and MacFarland will have to answer the embezzlement charge in San Francisco.

President No. 35—Antonio Jose Charro, Esteban Jose, Francisco Gallegos, Jose M. Diaz.

On the convention one over whom the committee of permanent organization recommended that the present central central committee be made permanent until the next county convention, it being presumed probable that this committee would not last him.

The committee of permanent organization recommended that the committee of permanent organization be appointed to name the delegates to the state convention. It also recommended that the committee be empowered to fill all vacancies caused by death or resignation, but it sent nothing about vacancies caused by "desertion."

Upon motion of H. Spitz, this report was adopted and M. Fox thanked the delegates for having honored him with attending the solemn assembly.

The committee of five selected to name the delegates to the state convention was then read by the secretary. It was as follows: Jesus Rodriguez, Carlos Lopez, R. Spitz, E. Cheever and Maximino G. Perez.

President No. 36—Felix Galindez, Maximino Sanchez, Minero Garcia, Herrera, Gleason, Toribio Archuleta, Gutierrez, Madrid, Alejandro Matheus, Jose Romero, C. D. Murphy, Manuel R. Springer, Jesus Romo, Modesto Ortiz, J. E. Matheus.

President No. 37—Carlos Lopez, Carlos Lopez, Jesus Rodriguez.

President No. 38—H. H. Fox, H. P. Mohr, N. G. McDonnell, M. O'Donnell, W. W. Ralph, D. A. McPherson, Julian Rohr, Eduardo Blanca, W. H. Gillenwater, Benjamin Luber, Juan Sandoval, W. H. Allison, O. H. Stein, Fidel Apodaca, Frank L. Bowring, R. S. Kiloway, D. H. Bentright, L. E. Gibson, Frank Allerton, H. F. Depp, John D. McDonald, A. G. Gremm.

The resolution also declared that the present course of the Democratic party and declared that it stands at the very foundation of this great government, whenever the cause increased in the rear of the court room.

The resolution thanked every man in public life who contributed in any way to securing statehood, chief among whom was our great president, William Howard Taft.

The resolution also extended thanks to our own citizens even including Delegate Andrews for their work on behalf of statehood.

The resolutions asserted that the interests of the state required that it remain Republican and said that the convention looked back on the dark days of the last Demo-

cratic administration with a feeling of fear, or words to that effect. It declared that the failure of this new state to remain Republican might be a national calamity.

The resolutions then instructed the delegates as follows:

We therefore instruct our delegates to the state convention to use every possible effort to secure the nomination of candidates for state offices who can safely be elected and to strive to eliminate the candidates who are deemed unsound.

The resolutions also declared that the state convention in this county "a few misguided members have been induced to follow a man principally responsible for the great Republican party, the only truly progressive party known to the United States in the last 15 years during all of which time it has been opposed by a party of more oppressive and destructive of every advancing step in the interests of personal freedom."

The resolutions did not cause a burst of enthusiastic applause as might have been expected.

The convention adopted a resolution making its delegates to Las Vegas also the delegates to the district convention and adjourned abruptly.
